Re: Assigned HCPCS Codes for DME Billing

Xref #: 16496339

Product: OPEN HEEL POST OPERATIVE SHOE

Model number: T56072, T56073, T56074, T56075, T56061, T56062, T56063, T56064

Dear Ms. Chang:

The Pricing, Data Analysis, and Coding (PDAC) Contractor provides Healthcare Common Procedural Coding System (HCPCS) assistance to manufacturers to ensure proper coding of Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS). The PDAC has reviewed the above listed products. It is our determination that the Medicare HCPCS code to use when billing the four Durable Medical Equipment Medicare Administrative Contractors (DME MACs) is:

L3260 - SURGICAL BOOT/SHOE, EACH

The PDAC provides coding decisions based on the coding guidelines established by the Local Coverage Determination (LCD) and associated policy article developed by the DME MACs. All products submitted to PDAC for a coding verification review are carefully examined by coders and professionals following a formal, standardized process.

This decision applies to the application that we received on October 11, 2011. If information submitted in that application has changed or were to change, it could impact our decision. Therefore, a new application would need to be submitted for HCPCS coding verification review. This coding decision will be available within ten (10) working days on the Durable Medical Equipment Coding System (DMECS), which is located on the PDAC web site, www.dmepdac.com. Please take the time to verify that this coding decision is correctly reflected in DMECS.
